Re: Inventor names for U.S. Serial No. 10/042,437 filed on January 10, 2002

To confirm our earlier telephone conversation, please note that the two named inventors have the name "Antonio LOIZZO".

The two inventors are not related. It is pure coincidence that these two individuals have the exact same names. There are no suffixes nor middle initials to distinguish these two individuals with identical names.

The U.S. Patent should properly name LOIZZO, Antonio and LOIZZO, Antonio as the two inventors.

If you have any further questions, then please contact me.

Sincerely,

Andrew W. Chu
